## MERCHANDISING 2022

Quintessenza Ceramiche propone un sistema di Merchandising con strumenti completi ed efficaci.

Un nuovo visual concept in grado di presentare le collezioni QC assecondando le esigenze progettuali dei professionisti dell'interior design e dell'architettura.

Quintessenza Ceramiche presents its Merchandising system and comprehensive range of effective tools.

This new visual concept presents the QC collections while satisfying the creative requirements of interior design and architecture professionals.

The system consists of a modular structure that starts from a simple bench base and extends to an entire QC concept store with a customised table and made-to-measure fitted panels.

Contact us and we can find the ideal solution for the design of your showroom exhibition space together.

Il sistema modulare consente di scegliere una struttura componibile partendo da una semplice base da banco fino a creare un concept store QC con tavolo personalizzato e pannelli posati su misura.

Contattaci e troveremo insieme la soluzione più idonea per progettare lo spazio espositivo per il tuo showroom.

# PANNELLI CARTOTECNICA CARDBOARD PANELS

FRONTE FRONT

RETRO BACK

Il pannello in cartotecnica è uno strumento che permette di presentare in maniera semplice e veloce le collezioni QC. Utile perchè consente sia di toccare con mano il prodotto ceramico, sia di visualizzare le info principali come formato, gamma colori, finiture ecc. Le infografiche sono riportate sul retro, per identificare il prodotto basta guardare dove è stato apposto il check. ✓

The cardboard panel is a tool that allows the QC collections to be presented simply and quickly. It is useful because it offers a first-hand experience of the ceramic product while also displaying important information like formats, colour ranges, finishes etc. The back of the panel includes infographics, so products can be identified simply by looking at which box has been ticked. ✓

Le stampe in Forex sono dei quadretti stampati con gli ambienti delle collezioni QC. Possono essere posizionati sulla mensola dedicata, su qualsiasi ripiano oppure possono essere facilmente appese al muro in quanto realizzate in materiale ultra leggero.

Forex prints are pictures showing QC collection environments. They can be positioned on the special shelf or any other top. They are ultralight, so they are also easy to hang on the wall.

Pannelli in legno nobilitato creati per presentare le collezioni QC, contengono: i campioni ceramici nei diversi colori e finiture, le principali infografiche ed alcuni ambienti. Generalmente vengono posizionati all'interno degli espositori e la misura standard è 100x200cm ma si possono realizzare pannelli ad hoc con misure personalizzate.

Synoptic laminated wood presentation panels that hold QC collection tile samples with different colours and finishes and display key infographics and environments. These panels are generally positioned in the display stands, so they have a standard size of 100x200cm, but panels with customised dimensions can be made to order.

## LEAFLETS LEAFLETS

### DIMENSIONI SIZES

L 15cm x A 21cm  
L 5.9" x H 8.3"

Il Leaflet QC è uno strumento cartaceo che contiene le informazioni principali delle singole collezioni. Utile e maneggevole perchè di piccole dimensioni è una valida alternativa al catalogo di serie.

The QC Leaflet is a printed tool that contains all the key information about the individual collections. Useful and handy, because of its small size, it is a valid alternative to the standard catalogue.

L 8.7" x H 11.0"

### DIMENSIONI SIZES MATCHINGS floors + walls

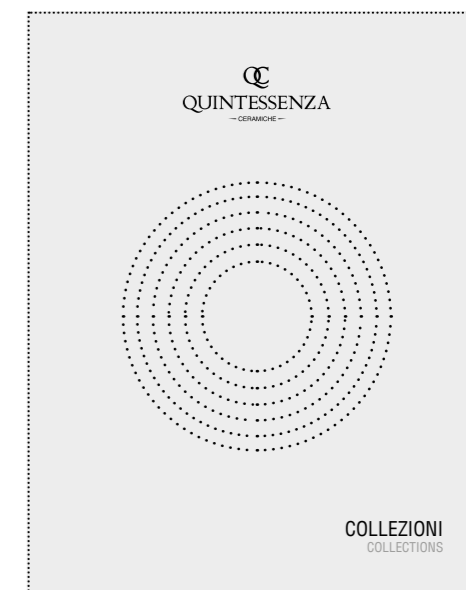

L 15cm x A 21cm  
L 5.9" x H 8.3"

I cataloghi QC sono da sempre frutto di una ricerca approfondita mirata a valorizzare il materiale ceramico. Per facilitare la scelta e visualizzare al meglio il prodotto finito sono stati inseriti nelle ultime stampe gli schemi di posa e gli stucchi consigliati. Oltre ai cataloghi di serie ed al catalogo generale è stato ideato il catalogo Matchings, uno strumento funzionale che aiuta nella scelta degli abbinamenti.

QC catalogues are always the result of in-depth research performed to enhance the ceramic products presented. To facilitate choices and display end products in the best possible way, laying patterns and recommended grouts have also been included in recent catalogue editions. In addition to the standard catalogues and general catalogue, a Matchings catalogue has been designed as a practical tool to help choose combinations.

Quintessenza Ceramiche offre la possibilità di arricchire il tuo showroom con i pannelli di collezione personalizzati bordati con una cornice in legno/carb verniciato nero. Il kit per l'aggancio a parete è fornito su richiesta. Possono essere posizionati sulla Base ad L in metallo nero.

Quintessenza Ceramiche offers the opportunity to enhance your showroom with customised collection panels edged with a black painted wooden/carb frame. A wall attachment kit is also available on request. The panels can be positioned directly on the ground or on the black metal L-shaped Base.

Per dare maggiore movimento al corner QC si possono inserire i volumi rivestiti, elementi d'arredo realizzati con le collezioni firmate Quintessenza, per un ambiente coordinato totalmente personalizzabile.

To make the QC corner more dynamic, bound volumes can be added. These are decorative elements made from Quintessenza collections that help to create a customised and totally coordinated environment.
